SUBJECT INDEX

[Budget titles are in italic type]

A

Page

Alaska. (*See under* Territories, Office of, Fish and Wildlife Service, Geological Survey.)
Appropriations *and other titles of funds.* (*See summary tables, pp. 2–12.*)

C

Collections by Department deposited in Treasury, table 23
Commission of Fine Arts (beginning of hearings) 548
Salaries and Expenses:
Appropriations by fiscal years 550
Budget justification 548
Chairman's statement 550
Obligations by objects 550
Personnel. (*See summary table, pp. 24–26.*)

E

Employment authorized and estimated. See *Personnel.*

F

Federal Coal Mine Safety Board of Review (beginning of hearings) 559
Salaries and Expenses:
Budget justification 559
Chairman's statement 560
Obligations by objects 559
Fish and Wildlife Service (beginning of hearings) 431
Administration of Pribilof Islands:
Budget justification 487
Estimated Pribilof receipts, fiscal year 1956 488
Obligations by objects 488
Alaska 447, 454, 455, 466, 487
Amounts available from all sources, and distribution by programs, table 444–445
Construction:
Analysis by activities 475
Appropriations by fiscal years 479
Budget justification 474
Creston, Mont., fish hatchery, statement by Senator Mike Mansfield 730
Ennis, Mont., fish hatchery, statement by Senator Mike Mansfield 730
Fish facilities 475
McNary Hatchery, Ariz., colloquy, communications 479–482
Marion, Ala., fish hatchery, program, communications 482, 629–634
Miles City, Mont., fish hatchery, statement by Senator Mike Mansfield 730
Obligations by objects 479
Welaka, Fla., fish hatchery, construction program 483
Statement by Hon. D. R. Matthews 711–716
Wildlife facilities 478

Fish and Wildlife Service—Continued Page
Director's statement 436
General Administrative Expenses:
Analysis by activities 485
Appropriations by fiscal years 486
Automobiles, amendment to House action requested 486
Budget justification 484
Obligations by objects 485
Investigations of Resources:
Analysis by activities 466
Appropriations by fiscal years 472
Budget justification 465
Communication, chamber of commerce of the United States 902
Exploration, development, and utilization of fishery resources 468
Obligations by objects 471
Research on birds and mammals 469
Research on fish and fisheries 466
Research on fish migration over dams 470
Saltonstall-Kennedy Act funds, programs and allocations, fiscal 1955 and 1956, and balance available for fiscal 1957 if act is not continued 472–474
Management and Investigations of Fish and Wildlife Resources in Alaska:
Budget justification 455
Subactivities, listed 454
Management of Resources:
Administration of fish and game laws 447
Amendment requested to restore House reduction 456–458
Analysis by activities 446
Appropriations by fiscal years 456
Blackbirds, damage to corn in Delaware and New Jersey, statements, colloquy 883–893
Budget justification 446
Communication, Chamber of Commerce of the United States 902
Control of predatory animals and injurious rodents, budget justification 453
Colloquy 33–35, 458–462
Communication, Senator Gordon Allott 498
Statement by Hon. Henry Aldous Dixon 774
Senator Frank A. Barrett 745
Senator Alan Bible 431
Senator George W. Malone 29–33
Cooperative fishery engineering program, participation of State of Idaho 465
Mammal and bird reservations 451
Migratory Bird Treaty, colloquy 490
Mineral leasing on refuges, colloquy 496–498
Director's circular letter defining practices and procedures 493
Subject to approval of Fish and Wildlife Service 491
Obligations by objects 456
Propagation and distribution of food fishes 449
River basin studies 452, 462–465
Soil and moisture conservation 454
Personnel. (*See summary table, pp. 24–26.*)
Sources of revenue, colloquy 441
Forest Service (beginning of hearings) 571
Acquisition of lands for national forests:
Cache National Forest, Utah, purchase of lands within, communication 909
Funds for 667
Statement by Hon. Henry Aldous Dixon 773, 775
Weeks Act 666
Activities of the Forest Service, statement by Senator Wayne Morse 689–702
Aircraft, operation and maintenance of, proposed changes in language of acts authorizing use of 587

Forest Service—Continued Page
Cooperative range improvements (special account):
Budget justification 675
Granger-Thye Act authorizations 676
Federal Timber Sale Policies, timber inventories, colloquy 607
Forest Roads and Trails:
Access roads, statement by counsel for Association of Oregon Counties 813
Value to States, communications 590, 695–700
Budget justification 659
Communication from the Chief 647
Federal-Aid Highway Act of 1954, reason for not using authority granted under 662
Federal Highway Act of 1921, proposed change in language 660
Statement by Senator Warren G. Magnuson 664
Influence of national forests on water supplies, statement by Chief 819
National Association of State Foresters, statements by legislative chairman and legislative vice chairman 734–742
National Reclamation Association, statement by secretary-manager 742
Salaries and Expenses (activities under this title also in italic type):
Budget justification 572–587
Control of Forests Pests:
Decrease in estimate due to completion of certain projects 645
Forest disease investigations, State participation 652
Insect investigations 651
White pine blister rust control, colloquy 648
Fighting Forest Fires:
Communication from State Forester, South Dakota 739
Control investigations, colloquy 650
Forest fire protection, colloquy 619
Problem in southern California, statements, communications, colloquy 850–868
Recent fires, colloquy 644
Statement by Senator Stuart Symington 753
Senator Thomas H. Kuchel 827
Forest Research:
Arizona, research project 657
Arkansas, expanded research facilities, need for, statement by Senator J. W. Fulbright, colloquy 868–872
Cumberland Gap National Historical Park. (*See under* National Park Service.)
Dukes Experimental Forest, communications 907
Need for forest research center, statement by Senator Charles E. Potter 721
Economic investigations, colloquy 656
Forest and range management research, House Committee report on action to provide increase in funds for 606
Forest Products Research Laboratory, support for restoration of House reduction:
American Wood Preservers Institute 916–923
Communications 655, 903–904
Forest Farmers Association 849
Hardwood Plywood Institute and the Douglas Fir Plywood Association 775
Northeastern Lumber Manufacturers Association 744
Statement by Senator Homer E. Capehart 716
Forest survey, colloquy 656
Headwaters Research Center, Minn., communication from Senator Hubert H. Humphrey 904
House approval of increases for, colloquy 602
Iowa, research center, need for, communication from co-chairman, Iowa Forestry Association 906
Senator Thomas E. Martin 905

Forest Service—Continued
Salaries and Expenses—Continued
Forest Research—Continued Page
Minnesota, hydrologic laboratory, need for 604
Newsprint pulp experimentation 654
North Dakota, research center, need for, colloquy 602
Papermaking from hardwoods, new process 654
Southeastern Forest Experiment Station, request for research center at, communication from Senator W. Kerr Scott 902
Statement, colloquy 829–842
Statement by representative, Southern Illinois University 516
Senator Ralph E. Flanders 754
Tennessee, research center, need for, statements 843–848
Transfer of funds authorized, colloquy 648–650
National Forest Protection and Management:
Construction of improvements, colloquy 621–625
Damage of destructive cutting to timberlands, colloquy 592
Demand for timber, colloquy 589
Forest-land ownership, colloquy 594
Forest rangers, employment and training of, colloquy 625–627
Increase in work of agency, colloquy 600
Increases for national forests, colloquy 589
Leasing of land for field crops, colloquy 596
Livestock and sheep grazing, colloquy 595
Maintenance of major improvements, tabulation 618
Management of other land uses, colloquy 617
Project statement, table 573–574
Range protection and use, colloquy 609
Recreation and wildlife, colloquy 597
Communication, Izaak Walton League of America, Inc 908
Senator Thomas H. Kuchel 821
Statement by Senator Norris Cotton 820
Sanitation and care of public campgrounds, colloquy 613–617
Communication 908
Soil and water management, colloquy 611
Soil-bank plan, provision for planting conservation acres in timber, colloquy 594
Statement by Assistant Secretary of Agriculture 588
Senator John Stennis 634–638
Summary of increases and decreases, 1957 572
Timber replacement, colloquy 593
Timber resource management, colloquy 608
Use of timber resources for paper, colloquy 593
Wildlife resource management, colloquy 610
Statement by representative of National Wildlife Federation, colloquy 777–781
Resource Development, Reforestation:
Anderson-Mansfield Act, program under 641
Appropriations by fiscal years 639
Communication from Senator Edward J. Thye 642
Knutson-Vandenberg Act, collections under 640
Program, methods, colloquy 639–642
Range revegetation, colloquy 643
Statement by counsel for Association of Oregon Counties 816
State and Private Forestry Cooperation:
Budget justification 667
Cooperation in forest fire control, colloquy 668–671
Cooperation in forest tree planting, colloquy 671–675
Proposed change in language of item 668
Statement by Hon. D. R. Matthews 675
Statement by Senator Wallace F. Bennett 755–766
Senator Mike Mansfield 730–733
Support of program by activities, statement by representative, American Forestry Association, colloquy 872–883

Forest Service—Continued Page
Total increase in appropriation requested, colloquy 606
Working Capital Fund (proposed by Department):
Deletion by House, colloquy 676–679
Similar appropriations approved for various other agencies, listed and cited 679
Franklin Delano Roosevelt Memorial Commission, budget justification 343

G

Geological Survey (beginning of hearings) 71
Surveys, Investigations, and Research (activities under this title also in italic type):
Amendment requested to House hearings, concerning authorization of replacement passenger vehicles 94
Amounts available from all sources, 1955–57, table 100
Analysis by activities 72
Appropriations by fiscal years 93
Automobiles, replacements required 99
Budget justification 72
Buildings, special-purpose, appropriation for. (See under *General Administration.*)
Cabinet Committee on Mineral Resources, program acceleration in compliance with recommendations of 95
Classifications of Lands:
Analysis by subactivities 87
Budget justification 87
Director's statement 94–102
Eradication of water-consuming growths, cooperation with Forest Service 97–98
General Administration:
Analysis by subactivities 91
Budget justification 91
Buildings, special-purpose, appropriations for 91
Geologic and Mineral Resource Surveys and Mapping:
Alaskan mineral resources 77
Analysis by subactivities 75
Budget justification 75
General service geology 77
Mineral deposits investigations 75
Mineral fuels investigations 76
National minerals policy, implementation 78
Program, outlined 75
Increases by activity due to National Minerals Policy 102
National Reclamation Asociation, support of appropriations for the Geological Survey, statement by secretary-manager 743
New research facilities, plans for 97
Obligations by objects 93
Personnel. (*See summary table, pp. 24–26*)
Photogrammetric mapping, employment of private industry, statement by representatives of Association of Professional Photogrammetrists, colloquy 791–800
President's Economic Report, training of scientific personnel 96–97
President's Report on Water Resources Policy 96
Soil and Moisture Conservation:
Analysis by subactivities 88
Budget justification 87
Statement by Assistant Secretary for Mineral Resources 71
Supervision of Mining and Oil and Gas Leases:
Analysis by subactivities 89
Budget justification 88
Topographic Surveys and Mapping:
Budget justification 73
Map revision and maintenance 73
Program, outlined 72–73

Geological Survey—Continued
Surveys, Investigations, and Research—Continued
